

CYNGOR CYMUNED CEFN COMMUNITY COUNCIL

Annual report on the Well-Being of Future Generations Act (Wales) 2015 for 2024-2025

About this report

Wales faces several challenges now and in the future, such as climate change, poverty, health inequalities and jobs and growth. To tackle these, we need to work together. To give current and future generations a good quality of life we need to think about the long-term impact of the decisions we make. The Well-being of Future Generations (Wales) Act 2015 gives a legally binding common purpose – the seven well-being goals – for national government, local government, local health boards and other specified public bodies. It details the ways in which specified public bodies must work and work together to improve the well-being of Wales.

This report describes how Cefn Community Council has contributed to the seven well-being goals for the community.

Wrexham Public Service Board (PSB) (www.wrexhampsb.org)

Cefn Community Council, because it is a larger community council, is also required to ensure that it complies with and contributes to the objectives of the Local Well-Being Plan 2018-2023 as produced by the Wrexham Public Services Board. The Public Service Board (PSB) published its first annual report in June 2019 detailing progress on its determined objectives. The PSB have agreed 15 objectives but for 2023-24 and going forward have focused on two main objectives of Community Resilience, incorporating climate change and environmental resilience. These are:-

- All people have opportunities to learn and develop throughout their lives
 - Children and young people are given a healthy start in life

They also agreed to focus on two or three additional objectives each year over the five- year plan period, covering all 15 by 2023. In Year 1 these were:

- People have positive mental health
- People can live healthily, happily, and independently in old age

- People can make healthy choices.

The challenge for the Community Council is to demonstrate how it can make a positive contribution to these objectives, even though these objectives are strategically determined and more relevant to larger statutory bodies, who can more effectively influence their progress.

All community councils have their own local priorities which are important to their communities as well as having to manage within an agreed budget. Budgetary pressures, which are exacerbated by the cost of devolved functions previously funded by the principal authority, can create tensions and limit what a community council can be realistically expected to provide.

Additionally, to date, there has been no clear communication with the community council sector from the PSB or advice on how the sector can meaningfully contribute to the objectives.

The Community Council has therefore focused on contributing to some of the 15 objectives in the PSB plan whilst “mapping” its activities within the seven well-being goals. The other 10 objectives within the five-year plan are:

- The town is vibrant and welcoming
 - There are good employment opportunities in Wrexham
 - There is a range of things for people to do in their spare time
 - The economy in rural areas is well supported and can thrive
- All people have access to good quality, appropriate homes throughout their lives
 - People can travel easily around the county and beyond
 - The Welsh language is thriving
 - Tourism supports the local economy
 - The county borough is a safe place to live
 - Our communities are prepared for the future

The seven well-being goals for Wales

The well-being of Future Generations (Wales) Act 2015 outlines seven well-being goals which need to be considered when drawing up local objectives. A description of each well-being goal and the issues identified within that theme is provided below. All of the issues identified in this needs analysis are cross cutting and impact on more than one of these spheres of well-being.

Prosperous (1)	An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.
Resilient (2)	A nation which maintains and enhances a biodiverse natural environment with health functioning eco systems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change)
Healthier (3)	A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood
More equal (4)	A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio-economic background and circumstances)
Cohesive communities (5)	Attractive, viable safe and well-connected communities
Vibrant culture and thriving Welsh language (6)	A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts and sports and recreation.
Globally responsive (7)	A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being

Matrix showing cross-cutting themes

Some of the activities of Cefn Community Council towards the well-being goals are cross cutting and impact on more than one of these spheres of well-being. The grids below give an interpretation of how each contribution might fit within the list of well-being goals.

Prosperous (1)	Resilient (2)	Healthier (3)	More equal (4)	Cohesive (5)	Culture (6)	Globally responsive (7)

Introduction and Context

Cefn Community Council serves approximately 7,000 residents

It is made up of 3 County Borough electoral wards being Cefn East with 1 member, Cefn West with 1 member and Acrefair North with 1 member. There are 4 community electoral wards, Cefn, Plas Madoc, Rhosymedre & Cefn Bychan and Acrefair & Penybryn.

The Community Council office is situated at George Edwards Hall, Well Street, Cefn, LL14 3AE, with the Council Chamber being housed within the building on the upper floor. There is 1 full time Groundsman, 1 part time caretaker, 1 Clerk, 1 office administrator, a Community Agent and a community development officer (employed with funding from the WCBC Shared prosperity fund).

The tax base for the area in 2024-25 is 2302. Precept requirement for 2024-2025 is £168,732.00 also income from external sources, as such falls within the requirement to report annually on its contribution to the Public Service Board Well-being and Future Generations Act Plan.

Our Core Values:

Ethical, Empowering, Honest & Trustworthy, Respectful, Inclusive & Caring & Responsible.

1. **Community Advice Service** – Citizens Advice Bureau hold sessions at Cefn Mawr Library every Monday
2. **School Holiday Play Provision** — Recognising that holiday play schemes can provide a place of safety where children can experience good adult role models, informal education,

fun and friendship, the Community Council provides funding to enable Wrexham County Borough Council to provide schemes at the following sites during the Easter, Whit, Summer and October school holidays:

- Plas Kynaston, Cefn — Mondays and Fridays
- Acrefair — Wednesdays

The cost of play provision is in the region of £4897.00 in 2024/25

3. ***Inspection and Maintenance of Play Areas and Facilities***— The Community Council firmly believes that environments for play make up part of the landscape of childhood and is committed to ensuring that children’s opportunities for play, here in Cefn Community, are protected. To this end, following Wrexham County Borough Council's decision to withdraw funding for the inspection, maintenance and repair of the County Borough Council controlled play areas and facilities in Cefn, the Community Council decided to enter into a service level agreement with the County Borough Council to ensure the continuation of this much needed service with the Community Council meeting the cost. Had the Community Council not taken this action, the various play areas (and facilities) would have closed to the detriment of children throughout the community.

Currently, the following play areas are covered by the service level agreement with Wrexham Council:

- Lancaster Terrace, Acrefair
- Ash Grove, Plas Madoc
- Bran, Plas Madoc
- Dinas, Glaslyn, Plas Madoc
- Gwynant, Plas Madoc
- Church Street Rhosymedre
- Short Lane, Newbridge
- Ty Mawr Country Park
- BMX Track and agility area, Ty Mawr Country Park
- Dolydd Lane, Cefn Mawr
- MUGA/Goal End, Rhosymedre

The Council's spending on this service is in the region of £15,500.00 in 2024/25. The Council actively seek financial opportunities to upgrade and enhance the facilities.

4. ***Youth Work Provision*** — In recognition of the fact that good youth work helps young people learn about themselves, others and society, through non-formal educational activities which combine enjoyment, challenge and learning, the Community Council fund

the provision of two sessions a week through a SLA agreement with WCBC. The sessions are held at George Edwards Hall on a Monday and Wednesday evening.

The cost of this service amounted to £12,696.00 in 2023/24.

5. **Community Agent Scheme** — The Community Council employs a part-time Community Agent (21 hours per week). 16 hours is funded by Wrexham County Borough Council via a Welsh Government grant, 5 hours are funded direct by Cefn Community Council.

The principal role of the Community Agent is to work with the over 50s, providing easy access to a wide range of information that will enable them to make informed choices about their present and future needs. The aim is to help older people feel more independent, secure, and cared for and to have a better life. Particular attention is given to those who may need support or are particularly vulnerable with the Community Agent arranging referrals to the relevant statutory or voluntary organisations as required. The Agent also maintains close contact with various local organisations.

The Council have received a grant of £12,220 towards the cost of the provision in 2023/24.

6. **Community Litter Pick** – Councillors meet once a month, along with volunteers and other agencies and litter pick an area on a rotation basis between the four wards. We are also a litter pick hub and regularly loan equipment to organisations such as the police and local groups.

7. **Crime prevention and reduction** - The Community Council works closely with the local Police. The local PCSO attend Council meetings when they are able, and each agenda

contains a dedicated item on community policing to enable the officer to provide updates and respond to any issues/concerns raised by Council Members.

The speeding of vehicles on local roads has been the source of much concern with the result that the Council has financed the provision of a radar speed gun for the use by PCSO's to enable regular speed checks to be conducted. Council have also provided vehicle activated signs at speeding hot spots in the community.

Council have also purchased target hardening equipment which provides residents in the community safety equipment for their homes as well as literature to display.

8. Financial Assistance – The Council support both local & national organisations which provide a service to the Cefn Community. The following grants were awarded in 2023-24

Phantasmagoria Horror Film Festival	200.00
Wales Air Ambulance	500.00
Hope House	1,000.00
Urdd Eisteddfod	100.00
Nightingale House	1,000.00
Llangollen Eisteddfod	100.00
Cerebral Palsy Cymru	100.00
Air Cadets	300.00
Cefn Mawr Historical Society	200.00
CRNCA	200.00
Friends of Ruabon	200.00
Hampden Bowling Club	200.00
Clwyd Family History Society	200.00
Ysgol Cefn Mawr	200.00
Rhosymedre Methodist Church	200.00
Ysgol Rhosymedre	200.00
Ysgol Acrefair	200.00
Ysgol Min Y Ddol	200.00

9. **Community Events and Benefits** – The community Council arranges free events throughout the year for its residents. In July an annual Garden competition is held for all residents in the community, this has taken place for twenty years, there are five categories which has been judged by a horticulturist from Derwen College, Oswestry. Students also accompany the judge on the day and a presentation event is held at the George Edwards Hall in September, where a buffet lunch is provided. Below is a picture of the best garden overall winner in 2022.

Students and staff also attend every May to plant the summer flowers in various containers around the community, Tesco Cefn Mawr have assisted on many occasions, who help on the day planting and provide lunch.

The Community Council hold a Christmas event at the George Edwards Hall, which local groups and primary schools get involved with by holding stalls allowing them to raise funds. There is a Santa's grotto for the children to enjoy and receive a gift, this was very well attended last Christmas.

For all local businesses in the community, the Community Council ran a window dressing competition. This was well received, bringing the community together and resulted in good Christmas cheer. In 2023 this was suspended due to low participation, but in previous years the Deputy Mayor and Mayoress of Wrexham have judged the window displays. The below is our winner in December 2021 - The Party Shop, Crane Street.

The council celebrate resident's big milestone anniversaries and birthdays, with the past year we have helped celebrate over ten birthdays and six anniversaries, allowing the recipients to pick a gift of either flowers, chocolates, or a gift voucher worth £15. This is presented by the council chairman along with a card.

We have made significant contribution to preserving and commemorating the history and culture of our community. Two of our councillors voluntarily researched and produced books to commemorate WW1 and WW2 bringing together elements of local history and the stories of those who fought in the two wars (Joan Jones and Phil Vaughan received certificates of recognition from AVOW – pictured below). These were given away free to members of the community.

In 2024 we have had two volunteers sorting through archives for items of historical interest. A resident of the community and a student from the University of Wrexham have been coming in into the office as a voluntary archive researchers, this has allowed us to find items of interest that relates to out local area, and we have been displaying these on social media as part of our '#fromthearchives' posts.

We came across this incredible link to a fallen soldier who is listed on our Cenotaph.

Sapper Eric Humphreys of Acrefair, died on the 11th of May 1940
He was just 24 years old.

Digging through some handwritten letters, we found this.

Its a beautiful handwritten letter from his mum and dad, to then Clerk of council, Mr Howell, sent on May 9th, 1945.

A lovely letter and incredible look back on their family history for the Humphreys family.

‘Dear Friend and Brother’

“I cannot say whose mind the inspiration came that caused the letter I received yesterday, signed by the chairman and Clerk of the Cefn Parish Council.

This I do know and can say, I know of only one person in this, or any other locality that could conceive the words as beautifully put together.

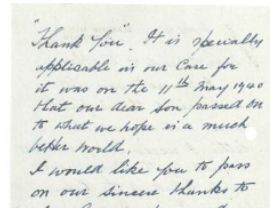

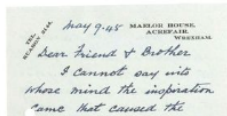

That person is your good self and with hearts full of gratitude we say “Thank you”.

It is especially applicable in our case for it was on the 11th May 1940 that our own dear son passed on to what we hope is a much better world.

I would like you to pass on our sincere thanks to your council for we do appreciate that in the midst of so much joy, we and so very many others were not forgotten at a time when the Book of Memory is still with us.

Yours sincerely,
Mr and Mrs Humphreys”

Rank,Name & Service Number:Sapper HUMPHREYS, William
Frederick (Eric) 1895605
Service:Royal Engineers
Died:11 May 1940
Age:24
Details:Son of William Ferrie Humphreys & Bertha Emily Humphreys of
Maclor House, Acrefair.
Cemetery or Memorial:Trefynant Cemetery, Cefn.

A football tournament was held on the 20th of April 2023 at Plas Madoc Leisure Centre the fourth time this event has been held. This included five local teams made up of players from the surrounding schools. The referees were pupils from Ysgol Rhiwabon. The event was supported with donations from local businesses. it was enjoyed by all who attended. Pictured below is a group photograph with all the local schools. The children are awarded the Ken Bathers Cup for the winning team, Darren Bettis trophy for top goal scorer, and gold and silver medals for first and second place. All the children receive a football for their school, a team t-shirt and a free meal and drinks for taking part in the day.

Plas Kynaston play park is owed and run by Cefn Community Council. In 2022 we were able to secure £25,000 funding to relay the floor of the MUGA with a soft multi use sports surface for games such as 5 a side football, and basketball (Pictured below)

In 2024 Cefn Community council were awarded £47,000.00 towards the upgrade of the football ground on Plas Kynaston Lane. This improvement to the ground will allow the facility to host Tier 3 football matches. New additions will include a 100 seater stand, widening and lengthening of the pitch to suit FA tier standard requirements. New drainage on the site.

Work began on the site in early 2024 with the removal vegetation in line with advice from a tree arboriculturist and the local authority Environment department. These trees will be mitigated in the final design of the area with new planting of trees and shrubs. Hard standings for the seating and laying extra drainage on the pitch will commence from mid May 2024 and will continue in the summer months, ready for Autumn 2024.

The ground improvements are phased, the above is 'Phase one', and funding for 'Phase two' (building new facilities for the schools and the community) is an ongoing project for the newly appointed community development officer.

10. George Edwards Hall – The George Edwards Hall was officially opened on 18th September 1911. The Hall, built to the design was completed at a total cost – erection and equipment – of £2,066-13-6d. The extension to the building was opened on 12th April 1978

The George Edwards Hall was operating as a cinema by 1914. The building formerly used for stage presentations.

It has a 26 feet wide proscenium, an 18 feet deep stage and two dressing rooms. By 1934 it had been re-named Stanley Cinema and was equipped with an AWH sound system. By 1944, it had been re-named People's Cinema and was still open in 1954.

By 2000, it had reverted to its original name George Edwards Hall and was in use as a community hall. It had retained its full stage facilities, and had a flat floor for dancing, with the catering facilities in the former stall projection room.

The Hall is situated on Well Street, Cefn Mawr the council offices are based here, monthly meetings of the council are held in the council chambers.

The main hall is equipped with a fully functioning kitchen. The lower room also has full kitchen facilities and can accommodate smaller parties or meetings and is currently used two evenings a week for the youth club. The hall is available to hire to the community for various functions, long term hirers include Dance Zone Academy, Slimming World and a local line dancing group. The hall is frequently hired for birthday parties. Bookings have increased over the last few years, however during the pandemic the hall was closed to the public and could only remain open to essential service users which ultimately has impacted on the income stream for the council. Bookings have increased dramatically since Covid ended and the hall is used regularly every weekday and evening, not only for private bookings but free community classes such as wellbeing, cooking, confidence, crafting, IT etc.

The council chamber includes a full hybrid system. This hybrid system allows the council to be more inclusive in its meetings, and accessibility is easier for members of the community who are unable to attend council meetings in person. The system is also a benefit to other community groups who can book the facilities. Coleg Cambria are to host free adult learning classes this year in the council chamber making use of the great facilities on offer.

11. Environmental/Climate Change – Council have recently converted over 500 streetlights to LED's which has been funded via an interest free loan, through Salix which is a Welsh Government backed project at a cost of over £80,000. Repayments commenced in April 2022, over a six year repayment period. It is estimated over 70% savings on energy costs, which will cover loan repayments, substantial savings will be made on maintenance costs, which will be reinvested into replacement columns /extra lighting where required.

We have eleven dog bag dispensers at various points around the community to combat and reduce dog fouling offences. The dispensers are checked every two weeks and where necessary are re-filled with dog waste bags. The units are well used and have proved to be an effective resource to reduce incidents of dog fouling within the community.

Cefn Community Council work closely with partner organisations and have recently completed a project with Our Picturesque Landscape, the project has opened up the view of the Valley from Cefn Bank, by removing some of the larger trees, following careful consideration, resulting in a more varied age structure benefitting the woodland, wildlife and people as discrete views will be opened across the World Heritage Site. The work involved coppicing of

mature shrub species, selective thinning of tree species and the felling of unstable stems close to pathways. Councillors, local groups and volunteers met to work on the Cefn Bank area, which included the rebuilding the semi-circle stone wall, erection of a metal bench to enjoy the views and refurbishment of an existing bench. Our Picturesque Landscape, National Lottery Heritage Funded project is in the Dee Valley.

After securing a grant from National Lottery Green Spaces and Nature, council have been able to plant wildflower meadows which have been planted at various locations throughout the community creating diverse ecosystems and natural grassland habitats, by removing the requirement to mow these seeded areas cutting carbon emissions and creating beautiful landscapes.

We have held a total of three wildlife walks in the community in recent years, these have been well attended. Not only do these promote health and wellbeing, but also to create an understanding of our green spaces and the diverse wildlife within. This being especially important as a large part of the area was traditionally stone and chemical works, it has been invaluable in reconnecting the community with its surroundings and create an understanding of how nature is reclaiming the land.

We received grant funding in 2022 from Landfill Disposals Tax Communities Scheme, with this, council have been able to replace the doors and windows at George Edwards hall, and also the roof of the council building extension, this was with a view to making the building more energy efficient and cost effective to run, but also remedial works needed to be undertaken to ensure the future of the hall and stop the building falling into disrepair. As one of last public owned buildings in the area, and over 100 years old, it is vital that the hall be preserved for future generations.

12. Competent Council – These are challenging times for community councils with many new challenges and opportunities, it is important to be ready for the future. A number of competency tests are emerging to help community councils determine how well equipped they are to meet the challenge ahead. These might include:

- A democracy test - % of councillors must be elected at either an ordinary election or bi-election ·
- A capability test – the Community Council may be required to employ a clerk with relevant professional qualifications ·
- A capacity test such as a minimum budget of £200k ·
- A governance test – the Council has sound financial management (including internal and external audit), be contactable by email and have a suitable website.

As at 2023-2024 the position continues as:

- There is a full Council of 16 members
- The current Clerk and assistant have the recommended ILCA qualification. The Clerk will be undertaking the CILCA professional qualification in the next financial year.
- The Council's budget is in excess of £200k
- The Council has sound management and financial systems. Its accounts are scrutinised by others. Its internal audit is undertaken by JDH Business Services of Mold. Agendas, minutes, and contact details can be found at www.cefncommunitycouncil.gov.uk and at Cefn Library.
- The community can email the Clerk or Assistant at: clerk@cefncommunitycouncil.gov.uk or admin@cefncommunitycouncil.gov.uk

Cefn Community Council in conjunction with the Welsh Ambulance Service have worked to establish full coverage of Defibrillator units throughout our community at a total cost of £7600. The first unit installed at the George Edwards Hall was very kindly provided for through

generous donations from people of our community, a fund-raising page was set up by Craig Roberts Butchers, Crane Street.

We were advised by Welsh Ambulance Service, people requiring the use of the defibrillators should not be more than 500 metres from them to allow for full coverage of the community we would need to install six units in total. The below locations will indicate where the units are being sited.

Ty Mawr Country Park, Cae Gwilym Lane, Cefn.

Hinds Shop Bro Gwilym, Cefn.

George Edwards Hall, Well Street, Cefn.

Llys Y Graig, Rock Road, Rhosymedre

Eagles, Llangollen Road, Acrefair.

Housing Office, Plas Madoc, Acrefair

We have been working with Groundwork North Wales to deliver free classes and workshops to the community. We have built up partnerships with local organisations such as Ty Mawr Country Park to host volunteer sessions and events, WAPM and CRNCA to deliver workshops to their residents, these include cooking, IT skills, confidence building etc.

We are part of the Low Carbon Communities Scheme with Wrexham Council and have received funding to facilitate community events that promote biodiverse projects. We have been inclusive in the project by engaging with all areas of our large community. This included 'Build your own bird feeders' with classes held in the four local schools. Bird feeder making and Wildflower seed bombs at Plas Madoc leisure centre and Ty Mawr, Herb planters at the Kettle Club in Plas Madoc. We are hoping to use some of the remaining funds to plant wildflower meadows at the entrances to the community, and to transform an unused parcel of land at bro

Gwylim in Cefn Mawr, into a community wildlife Garden, these will be subject to permission from the local authority, which we are waiting for.

Aspirations for the year ahead are to continue to work together with the community and continue to progress towards improving the wellbeing of our residents.

We have social media platforms (Facebook and Twitter) which are regularly updated and checked. The council is responsive on these platforms so that we are engaging with the community as effectively as possible. Our social media is used to share and advertise local events, publish our own news such as the re-opening of the MUGA or the closure of the cemetery for remedial works. Posts are neutral and unopinionated. Members of the public are welcome to contact us via these platforms if they have a query.

13. Community Development Officer

In January 2024 we appointed a community development officer with funds from The Shared prosperity fund from WCBC. This is a temporary post until October 2024.

Currently the CDO is hosting a series of events around the community, such as the CV writing skills (weekly on a Monday at Cefn Library) the 'Stay Onside Project' in which he visits local schools with a view to teaching about the impact of anti-social behaviour in communities, engaging the children in the subject through the medium of Football. He has also engaged with Coleg Cambia and Jobs Growth Wales, to bring students into the community to work with local organisations, such as CRNCA and Ty Mawr on projects such as ground clearance, animal care, painting, litter picking and general repairs.
